Thinking of buying your own board?

Thinking of upgrading?

Seen Sandbanks Style Paddle Boards and wanted to try one for yourself?

'Try B4 U Buy' allows you to hire a paddle board under any of our hire services and, if you decide to purchase your own Sandbanks Style Paddle board through The Paddle Project, you will get a credit towards your purchase.

Credit is 80% of your hire price (up to a maximum of £40).

Our current fleet you can try is Sandbanks Style Ultimate Paddle Boards. A great all-round iSUP that copes comfortably with flat water or waves. Weighing 9.5kg it is lightweight and easy to handle in and out of the water. 10'6" long, 32" wide and 6" deep means it has good stability and buoyancy and advanced board shaping gives excellent performance through the water.

We are proud to partner with Sandbanks Style who offer fantastic mid-priced inflatable paddle boards that have the build quality of the more expensive brands and an impressive 5 year warranty. Based in Dorset they are a British company who are committed to going green and being a carbon neutral company

Find out more and check out their range of boards at www.sandbanksstyle.com

Credit amount only applies when ordering your board through 'The Paddle Project'

Full payment will be required at the time of placing your order

Credit only applied on the hire cost of 1 paddle board for the chosen hire service
